DIRECTORS' REPORT**TO THE SHAREHOLDERS**

1. The Directors have pleasure in presenting their Annual Report together with the audited statement of accounts of the Company for the year ended 31 March, 2021.

2. FINANCIAL RESULTS

The results for the year under review are given below :

Particulars	₹ lakhs	
	2020-2021	2019-2020
Total Income	4060.14	1146.21
Profit before depreciation and finance cost	3276.08	282.78
Depreciation and Amortization Expense	102.50	109.29
Finance Cost	9.24	19.77
Profit before Tax	3164.34	153.72
Tax Expenses	437.29	108.19
Profit after tax and before Other Comprehensive Income	2727.05	261.91
Other Comprehensive Income (net of tax) for the year	15402.03	(12855.66)
Total Comprehensive Income for the year	18129.08	(12593.75)

During the year under review, total income increased to ₹4060.14 lakhs as against ₹1146.21 lakhs in the previous year. Profit before tax at ₹3164.34 lakhs was higher as compared to the previous year, mainly on account of profit on sale of mutual funds of ₹1470.97 lakhs, ₹999.03 lakhs due to mark to market valuation of investments in mutual funds and bonds and interest income of ₹291.33 lakhs. However, these gains were partially offset by decrease in dividend income from equity and mutual funds

A significant rise in the value of investment held by the company as long term investment, resulted in unrealized valuation gain of ₹15390 lakhs reflected in Other Comprehensive Income compared to a loss of ₹12786 lakhs in the previous year.

3. TRANSFER TO RESERVES

No amount has been proposed to be transferred to the reserves for the year under review.

4. DIVIDEND

No dividend has been recommended for the year under review.

5. MANAGEMENT DISCUSSION AND ANALYSIS**5.1 Industry Structure and Developments & Segment-wise Performance**

(a) Warehousing business:

During the year under review, the Company's principal business activity, viz. warehousing business, experienced slowdown in growth due to sluggishness in the country's overall economic environment in the year under review. Although new leases resulted in lease rentals of ₹33.34 lakhs, vacation of space by certain

lessees during the year under review and expiration of a major lease in the previous year led to net reduction of ₹130.21 lakhs. In order to facilitate the implementation of new leases entered into during the year, the Company incurred capital expenditure of ₹66.29 lakhs for refurbishing/re-construction of covered sheds.

The Indian economic activities have shown resilience against slowdown in demand of almost all the sectors of industries particularly in small and medium enterprises, due to COVID -19 outbreak and has started recovering from the second half of the fiscal year with swift introduction of comprehensive economic packages and the implementation of nationwide vaccination programme to combat the pandemic. However, the second wave of the pandemic with new variants has already made serious health emergency issues across the country and again put the economic activities into a new challenge due to partial shutdown. The demand for warehousing activities will depend, to a large extent, on how quickly the Government control the second wave of COVID pandemic.

(b) Investment and Treasury :

Investment and Treasury segment includes profit on sale of mutual funds of ₹1470.97 lakhs, dividend and interest income of ₹560.75 lakhs and re measurement of mutual funds/bonds at fair value in accordance with Ind AS of ₹999.03 lakhs generated during the year under review. As stated above, there was a decrease in dividend income from equity investment amounting to ₹1480 lakhs.

Despite the impact of COVID-19 pandemic on the economy in February – March 2020, the Indian Stock Market staged a recovery hitting record highs multiple times during the year under review.

With the timely introduction of relief packages by the Indian Government with lesser restriction and significant progress in development of indigenous facilities in manufacturing of the coronavirus vaccine, the sign of recovery of Indian Economy was visible from the second half of the year under review.

However, the unabated rise in coronavirus with new variants across the world is creating a possibility of partial lock down, which may slowdown the rate of recovery of economy. Stock market remains extremely volatile. With the commencement of the successful vaccination programs and well preparedness learnt from the previous outbreak, it is hoped that the pandemic of second wave can be overcome gradually.

(c) Other Comprehensive Income:

As already stated above, substantial fluctuation in Other Comprehensive Income due to favorable fluctuation in market price of equity shares which resulted in further notional gain of ₹15390 lakhs as compared to notional loss of ₹12786 lakhs in the previous year.

5.2 Discussions on Financial Performance with respect to Operational Performance

- a) Total income was higher by ₹2913.93 lakhs compared to the previous year mainly on account of increase in profit on sale of mutual funds of ₹1473.82 lakhs, notional gain of ₹3103.41 lakhs arising on re-measurement as explained above, increase in interest income of ₹111.24 lakhs and other income of ₹97.27 lakhs including profit on sale of land at Pune of ₹36.12 lakhs which was offset by lower rental income /power connection fees from warehousing operation of ₹141.46 lakhs and dividend income from investments of ₹1730.35 lakhs.
- b) Depreciation and amortization expenses and finance cost include amortization charge on right of use assets of ₹102.50 lakhs and interest on lease liability as mandated by Ind AS 116 – Lease /Other liabilities ₹9.24 lakhs.
- c) As in the previous year, the Company had no borrowings as on 31 March, 2021.
- d) During the year under review, your Company invested a sum of ₹5059.39 lakhs mainly by redeploying ₹4816.91 lakhs on redemption of mutual funds and ₹242.48 lakhs from operating cash flows.
- e) Capital Expenditure for the year amounted to ₹232.13 lakhs (2019-20 - ₹375 lakhs) and value of assets put into use during the year amounted to ₹178.36 lakhs (2019-20 - ₹237 lakhs).

5.3 Opportunities and Threats

Warehousing business provides opportunities for a sustainable growth-oriented business model for the Company. Your Company has actively pursued all opportunities in this segment and will continue to do so. However, the unprecedented COVID 19 pandemics has created a major upheaval in the economy and all businesses including the Company's warehousing business are trying to cope with this phenomenon both in the short and medium term.

5.4 Outlook

This pandemic has made the future outlook somewhat uncertain both for the warehousing and Investment segments of the Company in the short term. We can only hope that the measures taken by the government and the entrepreneurial talent in our country will be able to overcome this challenge in the shortest possible time.

5.5 Risks and Concerns

Your Directors recognize that there are uncertainties and risks attached to any business. The risks could be external, internal, or a combination of both. External risks can be intensification of competition, technological obsolescence, changes in Government policy with regard to taxes and levies or economic slowdown adversely impacting demand and profitability. In an increasingly globalised economy, world economic trends would also impact business of the Company.

Such risks will be continuously monitored and appropriate action will be taken by the Company to minimize the same. Internal risks comprise operating risks, financial risks and business risk. The Company will take effective steps to deal with such risks.

Each business segment has been informed to identify and report quarterly to the next higher reporting level, on any major risks as perceived by them, whether they be internal or external risks and simultaneously take immediate steps to minimize the impact thereof.

All aspects of the warehousing and treasury operations are being closely monitored to identify potential risks at an early stage, in order to ensure that appropriate risk mitigation measures are put in place

5.6 Internal Control Systems and Their Adequacy

The Company has adequate internal control system to ensure protection of assets against loss from unauthorized use or disposal, proper maintenance of accounting records and adherence to Company's policies and procedures. The Company has appointed an Internal Auditor to conduct independent audits and submit periodical reports. An Audit Committee of the Board of Directors reviews the Internal Audit reports, annual financial statements and internal control systems to ensure their effectiveness and adequacy. The Committee also interacts with the Internal/ Statutory Auditors from time to time. Apart from this, audit reports and follow-up actions are periodically reviewed by the top management and remedial actions taken.

5.7 Material Developments in Human Resources/Industrial Relation Front, including Number of People Employed

During the year under review industrial relations within the Company, continued to be stable. The total number of permanent employees was 10 as on 31 March, 2021.

6. SUBSIDIARY COMPANY

To the Members of GKW Limited**Report on the Audit of the Ind AS Financial Statements****Opinion**

We have audited the accompanying Ind AS financial statements of GKW Limited("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the Ind AS financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act, of the state of affairs of the Company as at March 31, 2021, its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind A S Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Ind AS financial statements.

Emphasis of Matter

We draw attention to Note No. 44 to the Ind AS financial statements which explains that the extent to which COVID-19 pandemic will impact the Company's operations and financial results is dependent on future developments, which are uncertain at this point of time.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current year. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the Report on Corporate Governance but does not include the IndAS financial statements and our auditor's report thereon, which we obtained prior to the date of this auditor's report, and the Directors' Report including Annexures to Directors' Report, which is expected to be made available to us after that date.

Our opinion on the IndAS financial statements does not cover the other information and we do not and will

not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the IndAS financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Directors' Report including Annexures to Directors' Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance(including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS prescribed under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Ind AS financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that

are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- (1) As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in "Annexure 1", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- (2) As required by section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account;
 - d. In our opinion, the aforesaid Ind AS financial statements comply with the Ind AS prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - e. The matter described under the Emphasis of Matter section above, in our opinion, may have an

adverse effect on the functioning of the Company;

- f. On the basis of the written representations received from the directors as on March 31, 2021, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of section 164(2) of the Act;
- g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in “Annexure 2”;
- h. With respect to the other matter to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act:
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/ provided by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act;
- i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements – Refer Note No.34 on Contingent Liabilities to the Ind AS financial statements;
 - (ii) The Company did not have any long-term contracts including derivative contracts. Hence, the question of any material foreseeable losses does not arise;
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT

GKW LIMITED

[Referred to in paragraph (1) under 'Report on Other Legal and Regulatory Requirements' section in the Independent Auditor's Report of even date to the members of **GKW Limited** (the "Company") on the Ind AS financial statements for the year ended March 31, 2021]

Based on the audit procedures performed for the purpose of reporting a true and fair view on the Ind AS financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, we report that:

- (i)
- (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - (b) During the year, major portion of fixed assets of the Company have been physically verified by the management and no material discrepancies were noticed on such verification. In our opinion, the frequency of verification is reasonable having regard to the size of the Company and the nature of its assets.
 - (c) The title deeds of immovable properties recorded as fixed assets in the books of account of the Company are held in the name of the Company.
- (ii) The Company does not have any inventory and hence reporting under Clause 3(ii) of the Order is not applicable to the Company.
- (iii) The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, clause 3(iii) of the Order is not applicable to the Company.
- (iv) The Company has complied with the provisions of sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- (v) In our opinion, the Company has not accepted any deposits from the public within the provisions of sections 73 to 76 of the Act and the rules framed there under. Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) The Central Government has not prescribed the maintenance of cost records for any of the products of the Company under sub-section (1) of section 148 of the Act and the rules framed there under.
- (vii)
- (a) The Company is regular in depositing with appropriate authorities, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including provident fund, employees' state insurance, income tax, goods and services tax (GST), customs duty, cess and any other material statutory dues applicable to it, except that there have been slight delay in few cases. During the year 2017-18, sales tax, value added tax, service tax and duty of excise subsumed in GST and are accordingly reported under GST.
No undisputed amounts payable in respect of the aforesaid dues, were outstanding, at the year end, for a period of more than six months from the date they became payable..
 - (b) There are no dues with respect to sales tax, service tax, value added tax, GST and duty of excise which have not been deposited on account of any dispute. The dues outstanding as at March 31, 2021 with respect to income tax and customs duty on account of any dispute, are as follows:

Name of the Statute	Nature of dues	Amount (Rs. in Lakhs)	Period to which the amount relates	Forum where dispute is pending
Customs Act, 1962	Customs Duty	9.37	Financial Year 1981-1982	Calcutta High Court
Income Tax Act, 1961	Income Tax	60.15	Assessment Year 2018-19	Commissioner of Income Tax (Appeals)

Name of the Statute	Nature of dues	Amount (Rs. in Lakhs)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Income Tax	25.20	Assessment Year 2016-17	Commissioner of Income Tax (Appeals)
Income Tax Act, 1961	Income Tax	0.47	Assessment Year 2013-14	Commissioner of Income Tax (Appeals)

- (viii) During the year, the Company has not taken any loans or borrowings from any financial institution, bank or government nor has it issued any debentures. Accordingly, clause 3(viii) of the Order is not applicable to the Company.
- (ix) The Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) or term loans during the year. Accordingly, clause 3(ix) of the Order is not applicable to the Company.
- (x) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or any fraud on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such instance by the management.
- (xi) Managerial remuneration has been paid / provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- (xii) In our opinion, the Company is not a Nidhi Company. Therefore, clause 3(xii) of the Order is not applicable to the Company.
- (xiii) All transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of Act, where applicable, and the details have been disclosed in the Ind AS financial statements as required by the applicable accounting standards.
- (xiv) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Therefore, clause 3(xiv) of the Order is not applicable to the Company.
- (xv) The Company has not entered into any non-cash transactions with directors or persons connected with them during the year and hence provisions of section 192 of the Act are not applicable.
- (xvi) Based on expert opinion and legal opinion obtained by it, the Company has informed and explained that it is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(g) under 'Report on Other Legal and Regulatory Requirements' section in our Independent Auditor's Report of even date to the members of GKW Limited on the Ind AS financial statements for the year ended March 31, 2021]

Report on the Internal Financial Controls with reference to Financial Statements under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of GKW Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the

maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note issued by the ICAI.

Notes to Financial Statements for the year ended 31st March, 2021

1. General information

GKW Limited ('GKW' or 'the Company') is a Public Limited Company, incorporated in India. The equity shares of the Company are listed on the National Stock Exchange ('NSE'). Its immediate and ultimate parent company is Matrix Commercial Private Limited. The address of the registered office is Administrative Building, 1st Floor, 97, Andul Road, Howrah 711103, West Bengal, India.

The Company, incorporated in 1931, is engaged in the businesses of 'Warehousing' and 'Investment and Treasury'. Warehousing consists of leasing out warehousing space and Investment and Treasury operations include investment in bank deposits, equity instruments, bonds and mutual funds.

These financial statements were approved for issue by the Board of Directors of the Company on June 29, 2021.

2. Significant accounting policies

2.1 Statement of Compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards ('Ind AS') prescribed under Section 133 of the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

2.2 Basis of preparation

(i) Historical cost convention

These financial statements have been prepared on the historical cost basis except for certain financial instruments and defined benefit plans that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical Cost is generally based on the fair value of the consideration given in exchange for goods and services.

(ii) Fair Value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In measuring fair value of an asset or liability, the Company takes into account those characteristics of the assets or liability that market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

(iii) Functional and presentational currency

These financial statements are presented in Indian Rupee (INR) which is also the functional currency.

Notes to Financial Statements for the year ended 31st March, 2021**(iv) Rounding off amounts**

All amounts disclosed in the financial statements have been rounded off to the nearest rupees in Lakhs as per the requirements of Schedule III of the Act, unless otherwise stated.

(v) Use of estimates and judgements

The preparation of financial statements in conformity with Ind AS requires the management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis.

In particular, Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are as below:

- Measurement of Defined Benefit Obligations and actual assumptions;
- Evaluation of recoverability of deferred tax assets; and
- Contingencies

Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future period affected.

2.3 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The Company has deemed its operating cycle as twelve months for the purpose of current/non-current classification.

2.4 Revenue recognition

Revenue is measured at the fair value of consideration received or receivable.

- a) Leases where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are classified as operating leases in cases where the Company is the lessor. The Company's operating leases as a lessor are cancellable in nature and rental income from such

Notes to Financial Statements for the year ended 31st March, 2021

leases is recognised as per the terms of the lease.

- b) Dividend income is recognised when the right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of dividend can be measured reliably.
- c) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate ('EIR') applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.

2.5 Property, Plant and Equipment

Property, Plant and Equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the Property, Plant and Equipment are available for use, as intended by the management.

For transition to Ind AS, the Company had elected to continue with the carrying value of all of its Property, Plant and Equipment recognised as at the transition date (i.e. 1st April, 2016), measured as per the previously applicable Indian GAAP and use that carrying value as its deemed cost as at transition date.

Depreciation is recognised so as to write off the cost of assets (other than Freehold Land and Capital Work-in-Progress) less their residual values, over their useful lives. The estimated useful lives, residual values and depreciation methods are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Assets held under finance leases are depreciated/amortised over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of lease term, assets are depreciated over the shorter of lease term and their useful lives.

Depreciation has been provided on straight line method based on useful life specified in Schedule II of the Act, after retaining residual value of 5% of the original cost of the assets.

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant and Equipment is determined as the difference between the net disposal proceeds and carrying amount of the Property, Plant and Equipment and is recognised in the Statement of Profit and Loss.

2.6 Intangible assets

An intangible asset is recognised when the asset is identifiable, is within the control of the Company, it is probable that the future economic benefits that are attributable to the asset will flow to the Company and cost of the asset can be reliably measured.

Intangible assets with finite useful lives are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight line basis over their estimated useful lives, if any other method which reflects the pattern in which the assets' future economic benefits are expected to be consumed by the entity cannot be determined reliably. The estimated useful lives and amortisation

Notes to Financial Statements for the year ended 31st March, 2021

methods are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

For transition to IndAS, the Company had elected to continue with the carrying value of all its intangible assets recognised as at transition date, measured as per the previously applicable Indian GAAP and use that carrying value as its deemed cost as at transition date.

2.7 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets**(i) Classification**

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

(ii) Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recognised at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurements of financial assets are dependent on initial categorisation. For impairment purposes, significant financial assets are tested on an individual basis and other financial assets are assessed collectively in groups that share similar credit risk characteristics.

(iii) Financial assets measured at amortised cost

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise, on specified dates, to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the EIR method. The losses arising from impairment are recognised in the Statement of Profit and Loss.

(iv) Financial assets measured at Fair Value Through Other Comprehensive Income (FVTOCI)

Financial assets under this category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income.

Pertaining to its non-current investments in equity instruments, the Company had exercised an irrevocable option at the transition date to measure the subsequent changes in the fair value through Other Comprehensive Income.

(v) Financial assets measured at Fair Value Through Profit or Loss (FVTPL)

Financial assets under this category are measured initially as well as at each reporting date at fair value, with all changes recognised in profit or loss. Company's current investments in mutual funds and bonds are measured at FVTPL.

Notes to Financial Statements for the year ended 31st March, 2021**(vi) De-recognition of financial assets**

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Financial liabilities**(i) Classification**

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss.

(ii) Initial recognition and measurement

All financial liabilities are recognised initially at fair value and in case of borrowings, if any, net of directly attributable transaction costs.

(iii) Financial liabilities measured at Fair Value Through Profit or Loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term.

(iv) Financial liabilities measured at amortised cost

Financial liabilities are subsequently measured at amortised cost using the EIR method unless at initial recognition, they are classified as fair value through profit or loss.

(v) Trade and other payables

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year, which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost using the EIR method.

(vi) De-recognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in the Statement of Profit and Loss as other income or finance costs.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Notes to Financial Statements for the year ended 31st March, 2021**2.8 Impairment****Financial assets**

The Company recognises loss allowances, if any, using the expected credit loss ('ECL') model for the financial assets which are not fair valued. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, ECL is measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition, in which case, those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised, is recognised as an impairment loss or gain in the Statement of Profit and Loss.

Non-financial assets

Non financial assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e., the higher of the fair value less cost to sell and the value-in-use) is determined on an individual basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognised in the Statement of Profit and Loss is measured by the amount by which the carrying value of the asset exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognised for the asset in prior years.

2.9 Leases**a) *Arrangements where the Company is the lessee***

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a Right-of-use Asset and a corresponding Lease Liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less ('short-term leases') and low value leases. For these short-term and low value leases, the Company recognises the rent as an operating expense in the Statement of Profit and Loss.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. Right-of-use Assets and Lease Liabilities includes these options when it is reasonably certain that they will be exercised.

Notes to Financial Statements for the year ended 31st March, 2021

The Right-of-use Assets are initially recognised at cost, which comprises the initial amount of the lease liability i.e. present value of future lease payments adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. The lease payments are discounted using the incremental borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related Right-of-use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Right-of-use Assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

b) *Arrangements where the Company is the lessor*

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

The Company's significant leasing arrangements are in respect of operating leases for warehouses that are cancellable in nature. The lease rentals under such agreements are recognised in the Statement of Profit and Loss as per the terms of the lease.

2.10 Foreign currency transactions and translations

Transactions in foreign currencies are translated to the functional currency of the Company (i.e. INR) at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the functional currency at the exchange rate at that date and the related foreign currency gains or losses are recognised in the Statement of Profit and Loss.

2.11 Employee benefits

a) **Short-term employee benefits**

Short-term employee benefits are recognised as an expense at an undiscounted amount in the Statement of Profit and Loss of the year in which the related services are rendered.

b) **Post-employment benefits**

Defined Contribution Plans

Employee benefits in the form of Provident Fund and Employees State Insurance are defined contribution plans. The Company recognizes contribution payable to a defined contribution plan as an expense, when an employee renders the related service. If the contribution payable to the scheme for services received before the balance sheet date exceeds the contribution already paid, the contribution payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, the excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Defined Benefit Plans

i) Gratuity liability, Leave encashment liability and Pension Fund liability are defined benefit plans. The cost of providing benefits under the defined benefit plans is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period.

Notes to Financial Statements for the year ended 31st March, 2021

- ii) Re-measurements of the net defined benefit liability/asset comprise:
 - a) actuarial gains and losses;
 - b) the return on plan assets, excluding amounts included in net interest on the net defined benefit liability/asset; and
 - c) any change in the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability/asset.
- iii) Re-measurements of net defined benefit liability/asset are charged or credited to Other Comprehensive Income.

c) Termination benefits

Expenditure on Account of Voluntary Retirement Scheme are charged to Statement of Profit and Loss as and when incurred.

2.12 Taxes on Income

Income tax expense comprises of current tax and deferred tax. It is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised directly in Equity or Other Comprehensive Income. In such cases, the tax is recognised directly in Equity or in Other Comprehensive Income.

Current tax

Current tax is the amount of tax payable on the taxable income for the year, determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the balance sheet and their corresponding tax bases.

Deferred tax liabilities are generally recognised for all taxable temporary differences.

Deferred tax assets are generally recognised for all deductible temporary differences, unused tax credits and unused tax losses being carried forward, to the extent that it is probable that taxable profits will be available in future against which these can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Minimum Alternate Tax (MAT)

MAT Credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period i.e. the period for which MAT credit is

Notes to Financial Statements for the year ended 31st March, 2021

allowed to be carried forward. In the year in which the MAT Credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in the Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

2.13 Provisions and Contingencies

A Provision is recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

A disclosure for contingent liabilities is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of the amount cannot be made.

2.14 Earnings per share

Basic earnings per share are calculated by dividing the profit or loss for the period attributable to equity shareholders (after deducting preference dividends, if any, and attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

2.15 Cash and Cash Equivalents

Cash and cash equivalents comprise of cash on hand, balances with banks, cheques on hand, remittances in transit and short-term investments with an original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.16 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The CODM assesses the financial performance and position of the Company and makes strategic decisions.

The Company has identified two broad reportable segments viz. "Warehousing" and "Investment and Treasury".

2.17 Recent Pronouncements

On March 24, 2021, The Ministry of Corporate Affairs ("MCA") through a notification, amended schedule III of the companies Act, 2013. The amendments revise Division I, II and III of schedule III and are applicable from April 1, 2021. The Company is evaluating the effect of the amendments on its financial statements.

36. Financial risk management

36.1 Financial risk factors

The Company's principal financial liabilities comprise of lease liabilities, security deposits, trade and other payables. The main purpose of these financial liabilities is to manage finances for the Company's operations. The Company's principal financial assets include investment in equity instruments, investment in mutual funds, investment in bonds, security deposits, trade receivables and cash and bank balances that arise directly from its operations. The Company is exposed to market risk, credit risk and liquidity risk and the Company's senior management oversees the management of these risks.

Notes to Financial Statements for the year ended 31st March, 2021
i) Market risk

Market risk is the risk that fair value of future cash flows of a financial asset will fluctuate because of changes in market prices. The Company has investment in equity instruments, mutual funds, bonds and fixed deposits. The Company's investments in mutual funds are held in mutual fund schemes of leading fund houses. The tenure of investment in mutual funds is relatively short and hence the movement in market prices do not pose any significant price risk.

Fixed Deposits are held with highly rated banks and have a short tenure and are not subject to interest rate volatility.

The Company is not an active investor in equity markets and continues to hold certain investments in equity instruments for long term value accretion which are accordingly measured at fair value through other comprehensive income.

Investments in Bonds are measured at fair value through profit and loss to recognise market volatility, which is not considered to be significant.

ii) Credit risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities, primarily trade receivables, deposits with banks and investment in equity instruments, bonds and mutual funds.

(a) Trade receivables

The Company extends credit to customers in the normal course of business. Outstanding customer receivables are regularly monitored. The Company has also taken advances and security deposits from its customers, which mitigate the credit risk to an extent. An impairment analysis is performed at each reporting date on an individual basis for major customers.

The ageing of trade receivables is as follows:

(Rs. in Lakhs)

Particulars	Outstanding			Total
	Less than 6 months	6 months to 1 year	More than 1 year	
Trade receivables As at 31st March, 2021				
Secured	-	-	-	-
Unsecured	12.56	-	-	12.56
Total	12.56	-	-	12.56
As at 31st March, 2020				
Secured	-	-	-	-
Unsecured	-	-	-	-
Total	-	-	-	-

Considering the inherent nature of business of the Company, Customer credit risk is minimal. The Company generally does not part away with its assets unless trade receivables are fully realised.

Based on prior experience and an assessment of the current economic environment, management believes there is no credit risk provision required, other than those made in the accounts. Further, the Company does not have any significant concentration of credit risk.

In determining the allowances for expected credit losses on trade Receivables, the Company has used a practical expedient by computing the allowance for expected credit loss on Trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The allowance for expected credit loss is based on the ageing of the receivables that are due and rates used in the provision matrix.

The movement in the allowance for expected credit loss on Trade Receivables is as follows.

Notes to Financial Statements for the year ended 31st March, 2021

(b) Investments and deposits with Banks

The Company considers factors such as track record, market reputation and service standards to select mutual funds, bonds and banks with which balances and deposits are maintained. The Company does not maintain significant cash balances other than those required for its day to day operations.

iii) Liquidity risk

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The company's approach in managing liquidity is to ensure that it will have sufficient funds and marketable securities to meet its liabilities when due without incurring unacceptable losses. The company closely monitors its liquidity position through forecasts on the basis of expected cash flows.

Maturities of Financial Liabilities

The table below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities. The amounts disclosed in the table are the contractual undiscounted cash flows of financial liabilities.

36.2. Capital management

For the purpose of the Company's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity shareholders of the Company. The primary objective of the Company's capital management is to safeguard continuity, maintain healthy capital ratios in order to support its business and maximize shareholder value. The Company manages its capital structure and makes adjustments in light of changes in economic conditions. The funding requirement is met through equity and internal accruals.

38. Fair valuation techniques

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following methods and assumptions were used to estimate certain fair values:

- i) The fair values of investments in equity investments are based on their quoted market prices at the reporting date.
- ii) The fair values of the mutual funds are based on their published Net Asset Values at the reporting date. The fair value of quoted bonds is valued using closing price at the reporting date. The fair value of unquoted bond is determined using valuation techniques using observable market data.

Notes to Financial Statements for the year ended 31st March, 2021

- iii) Fair value of cash and deposits, trade receivables, trade payables and other current financial assets and liabilities approximate to their carrying amounts largely due to the short-term maturities of these instruments. Lease liabilities have fair values that approximate to their carrying amounts as it is based on the net present value of the anticipated future cash flows.

Fair Value hierarchy

The following table provides the fair value measurement hierarchy of Company's asset and liabilities, grouped into Level 1 to Level 3 as described below:

- i) Quoted prices/published NAV (unadjusted) in active markets for identical assets or liabilities (level 1). It includes fair value of financial instruments such as investment in equity shares and bonds traded in active markets and are based on quoted market prices at the balance sheet date and financial instruments like mutual funds for which net assets value (NAV) is published by mutual fund operators at the balance sheet date.
- ii) Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2). It includes fair value of the financial instruments that are not traded in an active market and are determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on the company specific estimates. If all significant inputs required to fair value an instrument are observable, then the instrument is included in level 2.
- iii) Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3). If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Mortality Rate	Indian Assured Lives Mortality (2006-08) (modified) Ult		Not Applicable	Not Applicable

(vi) Risk exposure

These plans are exposed to the actuarial risks such as interest rate risk, salary inflation risk and demographic risk and change in leave balances.

Interest rate risk : The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

Salary inflation risk: Higher than expected increase in salary will increase the defined benefit obligation.

Demographic risk : This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

Change in Leave Balances : This is the risk of variability of results due to a significant variation from expected accumulation of leave balances. All other aspects remaining same, higher than expected increase in the leave balances will increase the defined benefit obligation.

Notes to Financial Statements for the year ended 31st March, 2021

(vii) Sensitivity Analysis

Sensitivity analysis on effect on Defined Benefit Obligations on changes in significant assumptions as per Note 40(b)(v) are as follows:-

(Rs. in Lakhs)

Particulars	Change in assumption	Effect on Gratuity obligation (Funded)	Effect on Gratuity obligation (Non-Funded)	Effect on Leave Encashment (Non-Funded)	Effect on Pension (Funded)
For the year ended 31st March, 2021					
Discount rate	+1%	(1.97)	-	(2.43)	(12.85)
	-1%	2.29	-	2.86	14.66
Salary rate	+1%	2.20	-	2.75	11.36
	-1%	(1.93)	-	(2.39)	(10.06)
For the year ended 31st March, 2020					
Discount rate	+1%	(1.94)	-	(2.08)	(10.07)
	-1%	2.24	-	2.43	10.91
Salary rate	+1%	1.88	-	2.09	5.03
	-1%	(1.68)	-	(1.83)	(7.32)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied as when calculating the defined benefit obligation recognised within the Balance Sheet. The methods and type of assumptions used in preparing the sensitivity analysis did not change compared to prior period.

Presentation in the Statement of Profit and Loss, Other Comprehensive Income (OCI) and Balance Sheet

Gratuity, provident fund, pension fund and leave encashment benefits are in the nature of defined benefit plans and re-measurement gains/(losses) on defined benefit plans are shown under OCI as 'Items that will not be reclassified to profit or loss', including the income tax effect on the same.

Expense for service cost, net interest on net defined benefit liability/(asset) is recognised in the Statement of Profit and Loss.

Ind AS 19 does not require segregation of net defined liability/(asset) into current and non-current, however net defined liability/(asset) is bifurcated into current and non-current portions in the balance sheet, as per Ind AS 1 on "Presentation of Financial Statements".
